

ORIONX

PERMANENT OUTDOOR LIGHTING

OUTSHINE
THE ORDINARY

Where OrionX Shines The Brightest

For Residential Homes

Bring architectural details, gardens, patios, and pathways to life with professional-grade lighting that's both smart and durable. Safe low-voltage operation and easy automation make it ideal for long-term home integration.

For Architectural & Urban Lighting

Illuminate building facades, bridges, and landmarks with pixel-perfect lighting that withstands rain, snow, dust, and UV exposure. With 50,000+ hours of performance, it's built to shine year after year.

For Commercial Spaces & Retail

Create striking displays for storefronts, shopping malls, and showrooms. Eye-catching, energy-efficient lighting attracts customers while reducing long-term energy and maintenance costs.

For Hospitality & Leisure Venues

Enhance hotels, restaurants, bars, and resorts with vibrant ambient lighting. Smart scheduling and automation ensure your venue looks stunning every night with minimal upkeep.

For Public Spaces & Outdoors

From parks and plazas to transportation hubs, the IP68 waterproof design and extreme temperature resistance make it ideal for permanent outdoor use.
